# GIR GAI STEEL

- Gir Gai Trading Co., Ltd.
- Gir Gai Steel Co., Ltd.
- Distributor of Tung Ho Steel,  
China Steel Corporation and Feng Hsin Steel

## COMPANY PROFILE

About GSC	2
Core Business	3
Company Culture	4
Future Outlook	5
SN Grade Steel For Earthquake Resistance	6
Projects	7

## PRODUCTS

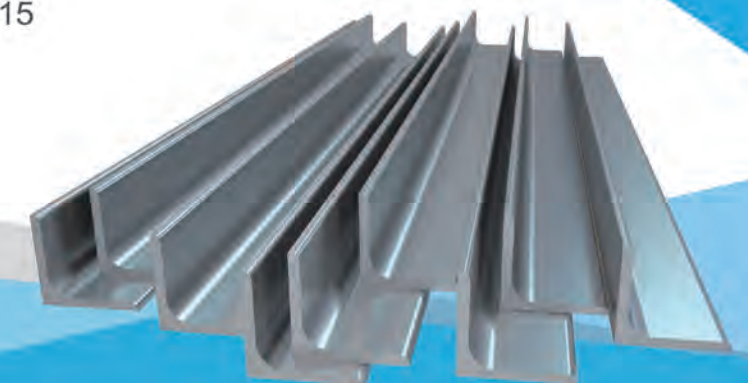

Long Steel Products	8	Plate	10	Pipe	11	Others	12
H Beam		Steel Plate		Carbon Steel Pipe		Handrail and Stanchion Components	
BOX Column		Checkered Plate		UV Fire Service Pipe		Steel Grating and Components	
Built-up H-Beam		Hot Rolled Steel Plate		Galvanized Iron Pipe		Expanded Metal	
I Beam		Universal Mill Plate		Square Tube		Stainless Steel	
Channel		Steel Coil				Bolt, Nut and Pipe Fittings	
Light Weight Steel		Imported Steel Plate					
Equal Angle		Metro-deck					
Unequal Angle							
Flat Bar							
Square Bar							
Round Bar							
Steel Rail							

### PROJECT INTEGRATED SERVICES

- Construction Consulting
- Public Infrastructure Consulting
- BH/BOX Processing & Professional Planning

## PROCESSING LINES

H Beam Processing Line	14
Steel Angle and Steel Channel Processing Line	15
Steel Plate Processing Line	15

# COMPANY PROFILE

Gir Gai Steel was founded in 1992 by Mr. Jin-Sheng Huang, and has been fabricating and distributing steel products to both the domestic and international markets. From humble beginnings, GSC has steadily grown, and in 2002, an international trading department and our Taipei office were formed. ISO9001:2008 accreditation was achieved in 2015, and along with our dedication to the industry, through investments in state of the art facilities and our dedicated workforce, this has placed GSC at the forefront of the steel industry in Taiwan. GSC is the leading distributor of steel products for: Tung Ho Steel Enterprise Corp., China Steel Corporation and Feng Hsin Steel Co., Ltd.

► **GSC Transportation Fleet**  
Specialized Logistical  
Services

## ► CORE BUSINESS

- Steel Distribution & Processing Services
- Project Integration Services
- International Trading Department

# ROBUST DRIVEN PROFESSIONAL

## ►► GSC Culture

Recognized as the leading steel supplier in the region, GSC also provides in-house processing services including structural steel and steel plate processing. Where project integration is required, our entrusted professional approach and extensive experience has ensured our continuous involvement in major construction projects worldwide.

## Future Outlook

Maximum Value & Efficiency for Integrated Steel Solutions

## ►► Environmental Responsibility

Environmental protection is an influential priority in society today. Along with innovative improvements in iron manufacturing, 94% of the scrap metal is now recyclable. GSC has placed strong emphasis on recycling and will continue to explore and implement innovative methods to protect our environment as well as improve our holistic service to our partners and clientele.

# SN GRADE STEEL FOR EARTHQUAKE RESISTANCE

Relevant to any earthquake-prone region, our SN grade steel has been manufactured to withstand earthquakes and tremors. After the 1995 Kobe Earthquake, the Japanese Government increased the steel grade requirements for buildings to CNS SN400YB, which enhances steel structures with the strength and durability to resist any unexpected movements.

# PROCESSING LINES

## STEEL ANGLE AND STEEL CHANNEL PROCESSING LINES

- CNC Punching & Cutting Machine
- NC Sawing Machine

## H BEAM PROCESSING LINE

- CNC 3-Spindle Drilling Machine
- NC Sawing Machine
- Beveling Machine

## STEEL PLATE PROCESSING LINE

- CNC Flame Cutting Machine
- Plasma Cutting Machine
- CNC 2-Spindle Drilling Machine
- CNC Punching Machine
- Plate Shearing Machine
- Multi-Functional Punching Machine
- 4M Bending Machine
- Automatic Deburring Machine
